

Taster Mosaic Workshop

£30 per person

Workshops Duration: 2 hour session

The taster workshop is a great introduction to the art of mosaics. This workshop runs for approximately two hours either in the day or the evening. A selection of interior bases have been selected for this workshop that can easily be finished in the time. You can choose from:

- Coasters x 2: 10cm x 10cm each
- Tile: 15cm x 15cm
- Heart Shape: 15cm or (2 x small hearts)
- Fish: 20cm long
- Circle: 16cm diameter
- Robin: 18cm wide

I will have suitable frames with me if you would like to purchase or can recommend some frames from Hobby Craft or Wilko.

Grouting:

In all of the workshops you will grout your work at home as the mosaic adhesive needs 24hrs to dry. A demonstration on how to grout your mosaic is given with tips and notes to take away with you, along with your grout pack with everything you need. It's easy to grout but if you **really** don't want to Claire will grout it for you at a cost of £8 for her time. ;0)

On the Day:

Workshops include all materials and tools required to complete your mosaic. You are welcome to bring a drink or snacks but I do offer refreshments. Eyes need to be protected and I do supply safety goggles but if you would prefer to wear your own please bring them. Please ensure you wear closed toe footwear. Bring an apron if you like but it doesn't really get that messy.

Workshops locations:

Although I have a studio in my garden, where I make mosaics, group workshops are run from two fabulous local venues. Private mosaic session for one to three people are available at my home studio. If that is something you would prefer please get in touch.

The venues I use offer more room for larger group sessions and have a wonderful ambience making them a lovely space to work in.
